

Freedom Institute

Goal:

Allow the Holy Spirit to free you from a life of bondage by fully surrendering to God.

Freedom Institute Commitment

Freedom Expectations:

- No cell phone interruptions in class unless emergency.
- Each official registered participant may take classes, and no substitute is allowed once class formally starts the session.
- Attendance - Miss 3 classes without a valid excuse and you will need to withdraw and attend the next semester.
- Read lessons as soon as possible (the day after is most beneficial) & complete homework prior to class.
- Show your face during online Zoom sessions.
- No crosstalk except the class leader when there is a need to keep class in order.
- Not a platform for preaching, teaching, giving counsel, and/or correcting one another in class. The Holy Spirit does His work with individual participants.
- Strict confidentiality is enforced (everything shared must be kept inside the group (if this is not adhered to, you will be dismissed from the group).
- Class leaders have the right to refrain participants from sharing out of subject in class.
- In class, recording is necessary for leadership training purposes. All participants willingly contribute to the development of this project.
